# BOIL WATER NOTICE

### Boil Your Water Before Drinking or Food Preparation to Avoid Illness

Krista Mutual Water Company (Water Company) is replacing two fire hydrants in our system and had to shut off our well and tanks. Low pressure and/or water outage may allow harmful microorganisms to enter the distribution system. Due to that, the State Water Resources Control Board, Division of Drinking Water and the Krista Mutual Water Company Water Company are advising residents in Los Padres Estates to only use boiled tap water or bottled water for drinking and cooking purposes as a safety precaution to avoid stomach or intestinal illness.

### The affected area includes all of Los Padres Estates that are customers of Krista MWC.

We will inform you when tests show that water is safe to drink, and you no longer need to boil your water. We anticipate resolving the problem by Wednesday late afternoon 4-1-2026.

If you have questions about other uses of tap water, such as bathing and dish washing, please call your water system or read this guidance: <https://www.cdc.gov/healthywater/emergency/dwa>

[-comm-toolbox/before/tools/What-to-Do-During-a-Boil-Water-Advisory.docx](#)

### Do not drink the water without boiling it first

- Boil all water for one (1) minute (rolling boil).
- Let water cool before drinking.
- Use boiled or bottled water for drinking, brushing teeth, and food preparation until further notice.
- Boiling water kills bacteria and other organisms in the water.

### If you are unable to boil your water:

Household unscented liquid bleach

- For clear water, use 8 drops (1/8 tsp.) of bleach for 1 gallon of water. For cloudy water, filter through a clean cloth and use 16 drops (1/4 tsp.) of bleach for 1 gallon of water.
- Mix well. Allow to stand for 30 minutes before using.
- Water may taste or smell like chlorine. This means disinfection has occurred.

Water disinfection tablets

- Please follow the manufacturer's instructions.

### For More Information

If you are concerned about your health or the health of a family member, contact your health care provider.
